

Application for DANM Visitor

The DANM Visitor is granted access to some of the DANM facilities and tools and introduced to the DANM students to allow for incorporation into the DANM community. Visitors to the program are welcomed into our spaces and asked to be respectful and friendly to the DANM students and faculty.

DANM Visitor positions are for one academic year and must be sponsored by a faculty member or DANM administrator. Currently the DANM Program allows 10 Visitors per year.
